C.OBOYLE4@NUIGALWAY.IE · (086)888 6916 · [github.com/nmq-hyt](https://github.com/nmq-hyt)

Ballymarchaun House, Labane, Ardrahan, Co.Galway

## EXPERIENCE

---

- **Blizzard Entertainment Inc**  
Customer Service Associate - Blackpool, Cork  
Working initially resolving basic customer queries, my duties expanded to tracking down and resolving bug issues if there was known solution, while also writing detailed bug reports
- **Lightnet**  
Network Support Engineer - Loughrea, Galway  
Starting with handling customer queries, progressed to helping on-site installers handle repair callouts, solve network area issues and isolate and solve network security issues.

## EDUCATION

---

- **B.Sc. Computer Science and Information Technology**  
National University of Ireland, Galway  
2023
- **Leaving Certificate**  
Calasanz College, Oranmore  
2015

## SKILLS

---

- **Programming/Scripting Languages**  
Python, C++, Bash, Javascript, Typescript, Java
- **Other technologies/paradigms**  
Object Oriented Programming, NoSQL (Firestore), SQL and MySQL, Linux command line/OS
- **Project Management**  
Git, Github, Kanban, Slack

## PROJECTS

---

- **johnson/logstamp**  
[[github.com/nmq-hyt/johnson & /logstamp](https://github.com/nmq-hyt/johnson_logstamp)]  
Two small bash scripts I developed to help backup my files, and another I made to help me make notes with timestamps.  
*Linux, Bash*
- **decentsubs**  
[[github.com/nmq-hyt/decentsubs](https://github.com/nmq-hyt/decentsubs)]  
A command-line tool used to make youtube subscriptions slightly more reliable.  
*Python*

## HOBBIES & INTERESTS

---

- **Akumakon (NUIG Anime & Manga Society Japanese culture convention)**  
I was a volunteer for the convention for 2019, and was Vice Panels for 2020. The latter involved scheduling a panels timetable for the three-day length of the festival, evaluating panels applicants, liaising with other team members on various issues, and running the individual panels on the day in tandem with the Panels manager.
